## Today's Agenda

- Welcome and Introduction
- Review of Series 2
- Network updates
- Next Steps
  
- AOB

www.hospiceuk.org

## Shared Purpose

Through combined experience and expertise in end of life care, the community of practice will enable the support, knowledge and leadership required so that everyone in hospital approaching end of life (last year) and the bereaved receives high quality care that respects theirs and their loved ones personal wishes and needs.

www.hospiceuk.org

## Key components

- Completed series 2 for Building on the best/ ELCHIP teams
- Curriculum planning 6 monthly
- Continuous quality improvement and shared learning
- Peer to peer support
- Growing and developing the community of practice
- Facilitated learning
- Access to a shared resource bank
- Evaluation and feedback

www.hospiceuk.org

## Golden Threads

- National and local policy/strategy/regulation – what does this mean in practice?
- Patient and carer experience - stories (PIP)
- Quality improvement art and science – how can the community of practice help and support?
  - Case based discussion
  - Building the evidence

www.hospiceuk.org
